

Why be bald headed and old looking before your time? Neglect of the hair causes dandruff, and dandruff is the forerunner of falling hair and baldness. The remedy is

Ayer's Hair Vigor

A gentleman residing at Dunedin, N.Z., writes under date Jan. 7, 1907:

"It is with gratitude I write you that I have now a splendid head of hair, both thick and very soft, all owing to my having used your wonderful Hair Vigor. I was almost bald headed before I used the Hair Vigor. I still use it once a day, rubbing it well into the roots of the hair. I used to wear a skull-cap, and I am very grateful to Ayer's Hair Vigor for the improvement it has made in my looks."

Be warned in time. Use Ayer's Hair Vigor and preserve your youth.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A.

Scratches

WILL MAR the most beautiful woodwork or furniture. But there is no need of their staying there. Anyone can apply a little

JOHNSON'S PREPARED WAX

and make it look like new. It's no trouble, just clean the wood and apply the polish with a wooden cloth or with Johnson's Polishing Mitt. It preserves the wood, and brings out its natural beauty.

BRYAN DECLINES TO TALK. LINCOLN, Jan. 12.—William Jennings Bryan today refused curtly to discuss the Democratic conference to be held in New York to lay plans for preventing his nomination, or, in the event of failure in that, to prevent his election.

A press dispatch was read to him, and he was asked to comment upon the news. He replied shortly and without hesitation that it did not interest him and that he had nothing to say. This afternoon Mr. Bryan met the subcommittee of the National Democratic Committee. The committee was on route to Denver.

Mr. Bryan left this afternoon for a month's trip East, during which he will go as far south as Birmingham, as far east as New York and as far north as Montreal.

"Not yet," says Secretary Cortelyou when asked if he had resigned. However, he wears a sort of a "but soon" expression when he says it.—Denver Post.

SPORTS

SPORT NOTES

At the annual meeting of the Myrtle Boat Club held last night in the Merchants' Association rooms in the McCandless Building, the following officers were elected for the ensuing year:

President, T. V. King; vice president, W. C. Parke; secretary, J. F. Soper; treasurer, I. Spaulding; trustees, Gus Bechert, Arthur Ewari, Clarence Givens; auditor, W. A. Soper; captain, Frank Bechert.

Secretary Soper, Treasurer Spaulding and Captain F. Bechert read reports of the work done in their departments during the past year, showing the club to be in a very prosperous condition.

The request of the Diamond Head Athletic Club asking for a boat to be loaned them at the next Regatta, came up at the meeting, the feeling being that the club had no boat to spare. The matter was however referred back to the board of directors.

President King spoke in favor of encouraging rowing in the local schools and colleges, suggesting that the different schools be asked to enter crews for the next regatta day.

It was finally decided to communicate with the Healanis regarding the matter of interscholastic races, with the understanding that if there were no races at Pearl Harbor this summer, that there should be an interscholastic race at the next regatta day.

The protest that was filed by the Y. M. C. A. soccer team against the decision of Referee Fildes in the game last Saturday in which the Diamond Heads won by the score of 3-0, was thrown out yesterday afternoon by a

vote of 6-1, at the meeting of the Hawaiian Association Football League held in the Scottish Thistle Club rooms. President Cockburn filled the chair, the other members present were Dr. Hand, L. G. Blackman, J. G. Waterhouse, D. W. Anderson, J. L. Cockburn, J. MacConnell, J. Macaulay, John Clark, H. Gray, J. Catton, B. F. Beardsmore, S. Chillingworth.

The fast soccer team of Kamehameha School defeated the team from Punaohu yesterday afternoon on the Maiki grounds by the score of 1-0, winning not only the championship of the triangular league, but also the dual championship. The game up to the end of the second half was as close as any game played this year, but the crack McKenzies saw a chance to score for his team, and with a well-aimed ball, sent her through the uprights for the only score of the game. The following is the line-up of the two teams, and the standing of the teams in the league:

Kamehameha—Goal, Pano; full-backs, Whiting, Bal; half-backs, Kaimapahu, Lota, Kahanamoku; forwards, McKenzie, Smythe, Murray, Kaimapahu, Akana.

Oahu College—Goal, Davis; full-backs, J. Williams, Davis; half-backs, Fraser, Akina, Hoogs; forwards, Mon Yin, Townsend, Lyman, W. Desha, J. Desha.

Referee—P. C. Anderson.

	Goals for	Goals against	Points
Kamehameha	5	4	10
Oahu College	3	2	6
Punaohu	5	3	10
High School	4	0	8

AN AUTO HACK

Last night the first automobile hack to be put into use in Honolulu for public hire was driven about the streets by Frank Lillis. For twenty years Lillis has handled the ribbons behind his hack horses. Now he sits at the steering wheel of one of the best machines in the Territory, a 1908 Franklin, and does his business in a modern way. If he makes a success of the venture, and there seems little reason to doubt it, four other machines will be in connection with his hack stand this fall, while other automobile hack stands will probably be started. Lillis purposes to charge only regular hack rates for distance drives although a special rate will be charged by the hour.

VALUABLE DISCOVERY.

At the meeting of the Board of Agriculture and Forestry yesterday afternoon Dr. Norgaard announced the probable discovery by him of a specific for the cattle disease known as "red water."

Forestry reserves were considered and Chairman Giffard brought up the matter of assisting the new college of Agriculture and Mechanic Arts, all the members present concurring in a remark by Ex-Governor Carter that the board would give every possible aid to the institution.

SMITH TO GROW TOBACCO

Jared G. Smith, who has been in charge of the Federal Agricultural Experiment Station here since it was established, is to resign his position and take the management of a tobacco plantation in Kona. A \$50,000 company is being formed to carry on the business with local capital. C. R. Blacow is promoter. Smith's experiments have shown how tobacco can be successfully raised here, and those interested in the enterprise are confident of great success.

JAPAN TAKES ANOTHER STEP

SENDS NOTICE THAT SHE WILL ALLOW NO LABORERS TO ENTER MEXICO.

WASHINGTON, January 31.—The State Department received notice today that Japan had agreed through Ambassador O'Brien to prohibit the emigration of Japanese laborers to Mexico on any terms whatever.

This was one of the points included in the representations of the United States, the allegation being that the Japanese went to Mexico solely in order to gain entrance into the United States. It was pointed out that the number of questionable and fraudulent entries from Mexico clearly established this contention, and that the exclusion amendment enacted by Congress was a failure in stopping this illicit immigration.

The decision of the Japanese government brings much nearer the solution of the Japanese question, in the opinion of the State Department. Japan has promised to prevent the direct emigration of laborers to the United States, to Canada and to Mexico, and the emigration to Hawaii is restricted to such Japanese as have relatives in the islands.

If the new regulations prove satisfactory it is probable that no further effort will be made to reach a more binding agreement. The whole aim of Japan in amending its regulations has been to preserve the fiction that Japanese are not being discriminated against by the United States or Canada on account of their race.

SUPERVISORS' QUIET NIGHT

NO MENTION OF THE SCHEME TO CREATE A NEW GARBAGE DEPARTMENT.

Finding no excitement at the meeting of the Supervisors last night, several of the members of the Board and a number of those who had gone to see a row, adjourned to the moving picture show on Bethel street.

There was not a whisper of the resolution of Supervisor Fern to remove Sam Johnson. Everything was short and sweet, nor was that sweetness affected by any breath from the garbage pile.

It was stated after the meeting that Supervisor Cox stayed away so as not to have a vote on the resolution and that Supervisor Archer had turned against the change.

Fire Chief Thurston reported six fire alarms during January with property loss at \$28; Chairman A. J. Campbell of the carriage committee of the Floral parade asked for two engines and two hose carts to take part and was promised the machines; the Hawaiian Pineapple Company complained of the roughness of Iwilei road; J. J. Dias complained of delay in putting in lights on upper Liliha and asked for a macadamized road; Kapahulu and Kapiolani addition residents asked for a road; the minutes were read, bills were approved and before 8 o'clock the meeting was adjourned without a word of the resolution to separate the garbage from the road department on the ground that the public health demanded more attention than Sam Johnson, as road supervisor, was able to give it.

HAWAII OUGHT TO BE READY

ARMY AND NAVY JOURNAL ON PROPOSED NATIONAL GUARD INCREASE.

Advice from Honolulu bring the gratifying intelligence that the National Guard of Hawaii is to be immediately recruited up to full regimental strength and otherwise conformed to the organization of the United States Army. This is a highly commendable undertaking. The plans for the defenses of our insular possessions provide for the construction of strong fortifications in Hawaii, and it is desirable that when completed there should be a native military force capable of manning them, in part, at least, if not entirely. To that end it is to be hoped that the new companies which are to be added to the National Guard of the territory may be organized as coast artillery and thoroughly trained in the practical duties of coast defense. With the advance of our naval, military and commercial development on the Pacific the strategic importance of Hawaii steadily increases, and the defenses of the territory will necessarily be carried to completion as speedily as possible. One factor of those defenses should be a large and efficient native military force capable of effective cooperation with the United States Army in time of need.—Army and Navy Journal.

When a woman listens with rapt attention to every word her husband says, it's a sign that he is talking in his sleep.

Fine Job Printing, Star Office.

INCREASED SERVICE

W. L. Howard, of Kaimuki, one of the committee which has been endeavoring to persuade the Rapid Transit to put in a "ten-twenty" service on the Waialae line, running cars on a ten-minute schedule during busy hours, has produced figures which show that an additional car on this line would add to the company's profits rather than be an additional expense.

One extra car is all that is necessary to make the twenty-minute service a ten-minute service between the Waialae terminal and River street.

Howard figures that the annual income from the present three-car service is \$32,430 and, allowing a conservative \$35 per diem per car, a four-car service would net \$38,325, an increase of nearly \$6,000.

HOW A SOUTH AFRICAN MERCHANT WARD OFF AN ATTACK OF PNEUMONIA.

There is always cause for alarm when a severe cold is accompanied by pain in the chest. Mr. H. L. La Grange who is manager of a store at Jansenville, C. C., believes Chamberlain's Cough Remedy is better than the prescription of a physician. He says, "I had a boy in my employ who had been suffering from cold and a pain in the chest and got so bad he had to go to bed. I had the doctor attend him and used several other remedies, but he got no better. I finally tried Chamberlain's Cough Remedy, and in a short time he was up and about his work. We sell lots of it in the store."—For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

The Greatest Premium Offer Ever Made

By a Newspaper in Honolulu

Parlor Alarm Clock

For Readers of THE STAR

Every House in Hawaii CAN USE AN Alarm Clock

IT IS A WANT AND A NECESSITY.

Here's a chance to get a New Ornamental Parlor Alarm Clock absolutely free. This is a STAR premium and it beats anything ever put out. Indeed, we've spread ourselves to secure an unusually attractive, durable and Ornamental Parlor Alarm Clock. They sell everywhere for FIVE DOLLARS, but to readers of THE STAR can secure one absolutely free.

THIS ILLUSTRATION WILL GIVE THE READER A GOOD IDEA OF THE APPEARANCE OF THE NEW ORNAMENTAL PARLOR ALARM CLOCK, BUT THE ACTUAL SIZE OF THE CLOCK IS MUCH LARGER; IT STANDS ABOUT 12 INCHES HIGH AND IS MASSIVE IN APPEARANCE. IT IS MADE OF EBONIZED BAR BUFF GUN METAL, OF VERY ORNAMENTAL DESIGN, AND IS FITTED WITH AN EXTRA LOUD BELL ENTIRELY HIDDEN FROM VIEW.

Parlor Alarm Clock

CLOCK STANDS ABOUT TWELVE INCHES HIGH.

Guaranteed by Manufacturer to be a perfect timepiece. The clock can be seen at THE STAR office. It is an attractive piece of furniture and when you see it you will want one to replace that cheap nickel affair Alarm Clock. This clock is made of Gun Metal and the movement is guaranteed to keep absolutely correct time.

How to Obtain a New Ornamental Parlor Alarm Clock. Subscribers to THE STAR, both old and new, who will pay \$8.00 in advance for one year's subscription will receive one New Ornamental Parlor Alarm Clock free of charge.

CALL AT THE STAR OFFICE AND SEE THE PARLOR ALARM CLOCK
